

MOHAMMED TAWFIQ SAHEB

- Full Stack Developer with a solid background in building user-friendly web applications and a strong eye for design, influenced by experience in photography and UI/UX. Skilled in both front-end and back-end technologies, with hands-on expertise gained through completing 10 diverse projects at Orange Coding Academy. Proficient in HTML, CSS, JavaScript, PHP, SQL, Laravel, and React, with a focus on writing clean, efficient code and delivering visually appealing, intuitive interfaces. Eager to bring technical knowledge and creative vision to a dynamic development team working on forward-thinking projects.

WORK EXPERIENCE

Full-Stack Web Development Trainee | Orange Coding Academy, Amman/Jordan

1/2025 - PRESENT

- **Front-end:** Developed responsive and interactive user interfaces using HTML, CSS, JavaScript, enhancing the user experience with clean UI/UX principles.
- **Back-end:** Built and maintained web applications using PHP, MVC, and Laravel. Ensured efficient data management and scalability by consuming APIs and integrating back-end services.
- **Database:** Managed and optimized SQL Server databases. Created and executed queries for efficient data retrieval, and ensured database performance.
- **Collaboration:** Worked closely with teams to implement project requirements and ensure the seamless integration of front-end and back-end systems.
- **Project Work:** Delivered 8 full-stack web projects, applying skills to real-world scenarios. Developed scalable, maintainable, and high-performing applications.
